Extended Health Care

Most extended health care programs will pay part of chiropractic fees. In order that we may double check that your information is entered correctly to ensure that your claims are approved, receipts are e-mailed to you directly before 2 pm the business day after your treatment. Please note that you are responsible for submitting the claim to your insurance company. Extended benefits are an agreement between you and your insurance company, not between your chiropractor and insurance company.

Workplace Safety and Insurance Board (WSIB)

This office will gladly process all the paperwork necessary to facilitate your WSIB claim. Please know that if your claim is not approved for any reason, you will become responsible for the outstanding fee in total according to fee schedule above.

Motor Vehicle Accident (MVA)

If your care is the result of a motor vehicle accident, you are covered for chiropractic care through your automobile insurance policy. Be aware that your automobile insurance will not cover your treatment until you have exhausted any other extended health benefits you may have. Our office will submit all necessary paperwork to your insurance company on your behalf including invoices for treatment, but we are not reimbursed by them. You are responsible for paying the fees associated with your care and will then receive compensation from your insurance company directly.

Emergencies

Your discomfort is our immediate concern. In the case of an emergency, please call the office and we will arrange for you to be seen at the first possible opportunity.

Appointment times

We realize that there is more to life than your chiropractic appointment! We strive to run on time and aim for a maximum 15-minute door-to-door visit time for follow-up appointments. If your condition changes or you have a new concern that you need to discuss, please call the office so that we may book extra time to address your concerns.

Patient Co-operation

A specific course of treatment has been arranged for you. A certain number of treatments in a set amount of time is required for us to get the results you desire. Therefore, if you need to change an appointment, it is necessary for you to reschedule to make up that appointment within the week. This will enable you to maintain your treatment schedule. Missed appointments can delay healing and may increase the number of visits required for you to reach optimum health.

No smoking, vaping, alcohol, or illicit substance use is allowed on the premises. Treatment will be refused if the patient is, or is suspected to be, under the influence of any of the afore mentioned.

Your Health and Happiness

We are here to serve you, our patient. Please speak to the Doctor of Chiropractic or the technicians about any upsetting matters. We see your comments as helping us to help you and others. Please feel free to discuss any aspect of your care with us at any time.

Thank you for trusting us with your care! We look forward to celebrating your revitalized health with you!
